

2008 TRI-CLUB SOCCER:

Below is a group picture (thanks to Terry Carter-who did not even play and was the only person with a camera). A big thank-you to John Kason for supplying the jerseys and organizing this annual event. It should be noted, that this is the first time that a potential Mayor of the City of Prince George (Mayorality candidate Dan Rogers) was capable of playing soccer. Although the turnout was considered poor, we had representation from all three clubs and the younger players/rivalries made the game a lot of fun. We did have two yellow cards and a red card was close.
